To whom it may concern,

My name is Ed Willert and I am employed with The Groundskeeper. I am a mechanic in the shop and I work on all of the small equipment (approximately 150 machines). My experience in this field is extensive, I have been working on small equipment since I was 12 years old.

The Groundskeeper is a test facility for Stihl. When I started here 1 year ago we were using Chevron 2-cycle oil but we are now using IXL Proline Oil. We have noticed a big change in our equipment; less down time, more power, tune ups are cut in half, etc. Also the 20 Toro mowers we have are running a lot better thanks to IXL Proline Oil. I recommend this oil to anyone who has any 2-cycle engines.

Sincerely,

Ed Willert
Shop Mechanic
